State of Maine Licensed Architect # 1121 since August 1981

**AN OPEN LETTER OF ENDORSEMENT FOR TEAM PROPERTIES, LLC...**

To whom it may concern,

I am a licensed Architect in the State of Maine for over 30 years and have been dealing with contractors all of my professional life.

I decided to build a garage at my camp on Pushaw Lake in Glenburn, Maine.

Through a competitive bidding process, I chose Team Properties, LLC with Mike Wood at the helm, as my General Contractor.

The project went smoothly and was finished on time within the budget.

In all of my years I have seldom seen that rare combination of a crew that moves efficiently and wastes no moves or materials while employing the best methods to produce a high quality end result.

This comes from an intelligent, experienced team that has worked together for many years and is well supervised on site, in this case by Mike's son, Tom.

As individuals, they were all personable, patient and easy to work with.

In the final analysis, sometimes you do get MORE than you pay for.

This is the case with Mike and his TEAM.

Anyone should feel free to call me at 207 460 7544 for further information regarding my experience.
